

The background of the poster is a vibrant stained glass design. It features a large, central circular motif in shades of yellow and orange, resembling a sun or a full moon. This central circle is surrounded by a complex pattern of colorful, geometric shapes in red, blue, green, and purple, creating a mosaic effect. In the center of the yellow circle, there is a dark, silhouetted figure of a person standing with arms slightly away from the body. The figure appears to be looking outwards. The overall composition is symmetrical and visually striking.
